Abstracts should be written in clear English. The text will be formatted in one column format with 10 pt font size. "Times New Roman" font or equivalent is recommended. The total length is limited to one page or 500 words including title, authors and affiliations. Page number should not be added for easily making the abstract book. Please feel free to write your abstract with your preferred word processing software and use the "copy and paste" option (for Windows based computers "Control C" and "Control V") to fill out the required fields of the abstract submission website. Please do not include figures, graphs, or tables in your abstract. Any references should be submitted in IEEE format [1]. An author is limited to 3 abstract submissions.

The 2008 International Power Modulator Conference is fully sponsored by IEEE DEIS.
